

TREE PLANTATION & AIR POLLUTION AWARENESS **SEMINAR DONE AT SVNIT COLLEGE**

7th JULY, 2019.

SVNIT COLLEGE, SURAT.

Our Tree plantation program held at SVNIT college, Surat. This program started at 6:30am. This program is organized with help of Surat Nature Club. In this program, approx 70 NCC Cadets and neighbourhood people had participated in the Tree plantation program. We have planted approx 500 plants inside SVNIT campus. We work with them on this task. After this, there was one lecture on Air Pollution along with water waste management which was given by Prof. Namrata Jariwala from SVNIT, Surat. In this event, Prof. V. H Pradhan, Dean Student Welfare & Prof. S. N. Sharma, head of the Electrical Engineering Department were remained present this event. Due to some personal work, our director could not remain in this event, but he sends his best wishes for this event. There was good discussion regarding the above-said topic between Jariwala Madam & our NCC Cadets. As per our discussions in our meeting, each plant responsibility will be taken by one NCC cadets. It is very much important to this step to make this event successful.
